Subject: Notice of safety training for June-July 2021

Dear all,

The Safety and Radiation Protection Unit hereby announces safety trainings in English during June and July 2021.

The trainings will be conducted according to the Covid19 Technion regulations. Therefore, please notice that registration in advance to each training is mandatory.

Upon registration, additional details about the upcoming training will be provided.

Time and location:

**Basic laser safety training** - on 5th of July at 9:30-12:30.
The training is mandatory for researchers, employees / graduates who intend to use 3B and 4 class laser systems.

**Laser safety refresher training** - on 7th of July at 9:30-11:00.
The training is mandatory once a year for researchers, employees / graduates who intend to use 3B and 4 class laser systems and already participated in a basic laser safety training.

**Fire Extinguishing (theory and practice)** - on 19th of July, at 09:30-11:30.
The training is mandatory once a year for lab researchers, employees and graduate students.
Please notice that people working in biological and chemical labs are required to attend fire extinguishing training every six months.

**Safe work with Cryogenics** - on 21st of July, at 11:00-11:40.
The training is mandatory once a year for researchers, employees and graduate students who work with Cryogenic liquids.

**Safe work with Gas Cylinders (theory and practice)** - on 21st of July, at 12:00-13:30.
The training is mandatory once a year for researchers, employees and graduate students who work with Gas cylinders. Practical training will start at 13:00.

Please register in advance using this link.
Best regards,
Safety Unit
