Subject: Notice of safety training for July 2023

Dear all,

The Safety and Radiation Protection Unit hereby announces safety trainings in English during July 2023.

Please notice that registration in advance to each training is mandatory. Upon registration, additional details about the upcoming training will be provided.

Time and location:

**First Aid and CPR** - on the 10th of July, at 09:00-12:30, Canada building hall 2. This life saving training is open for everyone on campus.

**Safe work with Gas Cylinders** - on the 17th of July, at 10:00-10:45, Canada building hall 3. The training is mandatory once a year for researchers, employees and graduate students who work with Gas cylinders.

**Safe work with Cryogenics** - on the 17th of July, at 10:45-11:15, Canada building hall 3. The training is mandatory once a year for researchers, employees and graduate students who work with Cryogenic liquids.

**Fire Extinguishing (theory and practice)** - on the 17th of July, at 11:30-12:45, Canada building hall 3. The training is mandatory once a year for lab researchers, employees and graduate students.

Please notice that people working in biological and chemical labs are required to attend fire extinguishing training every six months.

Please register in advance to each training separately using this link.

Best regards,
Safety Unit
