Subject: Notice about safety training for October-December 2024

Dear all,

The Safety Unit hereby announces safety trainings in English during October-December 2024.

Please note that registration in advance to each training is mandatory.  
Upon registration, additional details about the upcoming training will be provided.

Time and location:

**Safe work with Gas Cylinders** - on the 4<sup>th</sup> of December, at 09:30-10:00, in Canada building, hall 3 (ground floor).

The training is mandatory once a year for researchers, employees and graduate students who work with Gas cylinders.

**Safe work with Cryogenics**- on the 4<sup>th</sup> of December, at 10:00-10:30, in Canada building, hall 3 (ground floor).

The training is mandatory once a year for researchers, employees and graduate students who work with Cryogenic liquids.

**Fire Extinguishing** (theory) - on the 4<sup>th</sup> of December, at 10:45-11:30, in Canada building hall 3 (ground floor).

**Fire Extinguishing** (practice) - on the 4<sup>th</sup> of December, at 11:30-12:00, in the upper parking area of Canada Building.

The training is mandatory once a year for lab researchers, employees and graduate students.

Please notice that people working in biological and chemical labs are required to attend fire extinguishing training every six months.

**Safety orientation day for employees of new laboratories (first date)**- on the 26<sup>th</sup> of November, at 09:00-11:00, in Canada building hall 1 (ground floor).

**Safety orientation day for employees of new laboratories (second date)**- on the 9<sup>th</sup> of December, at 09:00-11:00, in Canada building hall 2 (ground floor).

A Safety orientation day for employees of new laboratories is intended for new staff in a new laboratory and for an employee who joined an existing laboratory - in a dry and wet laboratory- in all faculties on campus.

Please register in advance to each training separately using [this link](#).

Best regards,  
Safety Unit
